Section V

THE SOCCER FIELD

- Dimensions of Kids, Incorporated fields are as follows:

GRADES	FIELD
PK-3rd	35yds X 25yds
4th - 5th	40yds X 60yd
- A mid-field line divides the field in half and a circle is marked at the exact center of the field.
- A goal line is located at each end of the soccer field. The goal is placed midway between the two end points of the goal line. The dimensions of the goal mouths are as follows:
 - PK - 5th: 6' x 6'
- The Penalty Area
- (4th & 5th only): The penalty area is a large rectangle area that surrounds the goal area.

- The goalie may leave this area at any time in the game but the goalie may only use his/her hands on the ball while in the rectangular penalty area.
- (PK - 3rd) The penalty area is a large rectangle that surrounds the goal area. No offensive player is allowed inside this area unless the ball is between that player and the goal line. No defensive player is allowed in the penalty area unless actively defending the goal. If the offense commits a foul, the defense is awarded a goal kick. If the defense commits a foul, the offense is awarded a corner kick.
- The Corner Arc: The corner arc surrounds each corner on the inner side of the playing field.

Section VI

THE GAME

- The winner of the coin toss may choose to kick off or to defend a particular end of the field.
 - These are the only two options available.
 - The second half will be the reverse of the start of the game.
- At the signal of the referee, the ball is placed at mid-field and kicked forward.
- Members of the kicking team must stay on their side of the field while the opposition must stay 10 yards from the ball (i.e. outside the center circle) until the kickoff is made.
- As soon as the ball travels the distance of its circumference in a forward direction, it is considered to be in play.
 - The original kicker cannot touch the ball again until another teammate or opponent has touched it.
- After a goal, play is resumed with the team being scored upon kicking off.
- For second half play, the teams change sides and the first kick is made by the team that did not kick off in the first half.
- The referee may restart the action after certain interruptions by the use of a “drop ball”. This method is used specifically when play has been stopped for some reason outside of the rules and when the ball has not gone out of bounds. The ball is dropped exactly where play was stopped

and it is in play as soon as the ball touches the ground. No one may touch the ball before it hits the ground.

- Drop Ball
- When a referee is unable to determine which team forced a ball out of bounds;
- Major injury. Drop ball occurs at the spot where the ball was at the time of the injury.

Section VII

DURATION OF GAME

- The game is played in two 20-minute halves. Each half consists of two 10-minute quarters (running clock) (unless referee calls time out for injury, etc.).
- The game officially starts with the first successful kick - not the referee's whistle.
- A successful kick is when the ball has traveled at least its own circumference into the opponent's end of the field.
- A half time period will consist of 5 minutes.
- If the game ends in a tie, the game will remain a tie. (Due to time constraints.)

Section VIII

BALL IN/OUT OF PLAY

- The ball is out of play when:
 - the entire ball crosses the sideline or goal line by any means.
 - the referee stops play.
- At all other times, the ball is in play including the following examples:
 - when the ball continues to bounce within the playing field after striking the goal posts or crossbar.
 - when the ball continues within the playing field after touching the referee or linesman who is inside the playing field.
 - when players momentarily stop play on their own, expecting a call from the referee, but when no penalty is called.

Section IX**SCORING GOAL**

- A goal is scored when the entire ball passes between the goal posts and under the crossbar. However, the ball cannot be carried, thrown, or hit with hands on its way to the goal by the offensive team. Only the goalie, in his/her own penalty area, may play the ball with his hands.
- A goal can be scored on any of the following kicks:
 - direct free kick to the opposing goal
 - corner kick
 - penalty kick (made from the penalty mark)
 - drop ball
- No goal can be directly scored under the following conditions (UNLESS ball is touched by another player prior to entering the goal):
 - indirect free kick
 - goal kick
 - kick off
 - throw in
 - indirect kick into one's own goal
- A player cannot score directly from his/her own half of the field.

Section X**OFFSIDE**

- A player is offside when he/she is closer to the opposing goal line than the ball at the moment the ball is played unless:
 - he is in his own half of the field;
 - there are at least two opponents between him and the opposing goal line;
 - the ball was put into play by a drop ball;
 - put into play by a corner kick;
 - put into play by a throw in.
- If a player is not seeking to gain an advantage, he shall not be called for offside.
- Penalty:

- When offside is ruled, the opposing side receives an indirect free kick at the point of the infraction.

Section XI

PROHIBITED ACTS

- If any player willfully commits any of the following acts, a DIRECT free kick will be awarded to the opposing team at the point of infraction:
 - no slide tackling allowed
 - kicking
 - tripping
 - jumping on or charging an opponent
 - slugging
 - holding
 - pushing
 - handles the ball with the hands or arms.
 - Exception - the goal keeper may touch the ball with his/her hands or arms within his own penalty area.
- Penalty:
 - If any of the above acts are committed by a defensive player within his own penalty area, a penalty kick will be awarded to the opposing team.
 - Penalties may be called at any point on the field so long as the ball is in play.
- If any player commits any of the following acts, an indirect free kick will be awarded to the opposing team at the point of the infraction:
 - playing dangerously
 - example: kicking above the waist
 - shoulder to shoulder blocking off the action
 - obstruction
 - attacking the goalkeeper when he/she has both hands on the ball or when the object of the play is intentional interference
 - unsportsmanlike conduct
 - slide tackling (NOT ALLOWED).

Section XII**FREE KICKS** (*Pre- K through 3rd Grade: all kicks indirect*)

- There are two types of free kicks:
 - The direct free kick in which a goal may be scored directly by one player.
 - The referee should signal by an arm extended toward the opponent's goal.
 - The indirect free kick in which a goal cannot be scored unless the ball is touched by a player other than the kicker.
 - The referee should signal an indirect kick by placing his/her hand and arm overhead.
- All free kicks are governed by a number of rules:
 - the ball must be in a stationary position.
 - the player taking the free kick cannot play the ball again before it has been touched by another player.
 - opponents must remain a reasonable distance from the kicker until the kick is made unless the goal is less than 10 yards.
 - the "reasonable distance" limit for opposing players applies when free kicks outside of the penalty area are attempted.
- Any infraction of these rules will result in the free kick being taken over at the same position.
- Penalty:
 - If the free kicker plays the ball twice before anyone else has a chance to touch it, an indirect free kick will be awarded to the opposition at the point of the foul. Such a call can only be made when the ball is in play.

Section XIII**PENALTY KICK**

- All penalty kicks are made from the penalty mark that is within the penalty area and is centered on the goal mouth.
 - Only two players are involved in the initial play - the kicker and the opposing goalie.

- All other players must stay outside of the penalty area.
- The referee signals the kicker to kick the stationary ball forward toward the goal. The ball is in play as soon as it is kicked (i.e. as soon as it has traveled its circumference) and cannot be played again by the kicker until it has been touched by any other player.
- Penalty: If the above rules are broken by
- the defending team - the penalty shot must be repeated if a goal was not scored;
- the offensive team (other than the kicker) - the defensive team is awarded an indirect kick just outside the penalty area.

The opposing goal keeper must stand (without moving his feet) on his own goal line between the goal posts. The goalie may move only after the ball is struck. If the goalie moves before the ball has been struck and the goal is missed, another kick will be awarded to the kicker. The goalie may not do anything to distract the kicker.

Section XV

THROW-IN

- When the entire ball crosses the sidelines, it must be thrown back into play to restart the action.
- A number of simple rules control such throw-ins.
 - First, the player must stand with both feet ON or BEHIND the touch line and face the soccer field.
 - He/she must use both hands and deliver the ball from behind and over the head.
 - The player shall not play the ball a second time until it is touched by another player.
 - The ball is in play immediately upon entering the field.
 - A goal cannot be scored directly from a throw-in.
 - You must have one or both feet on the ground at the time of the release of the ball.
- Penalty:

- if the throw is in any way incorrect, the opposing team will be awarded a throw-in;
- if the player replays the ball before it has been touched by another player, the opposing team will be awarded an indirect free kick at the point of the infraction.

Section XV**GOAL KICK**

- In the event the ball passes over the end or goal line (though not into the goal) through the impetus of an OFFENSIVE player, a goal kick must be taken.
 - The ball is placed along the goal kick line and it is put into play by any member of the defense by kicking it OUTSIDE of the penalty area.
 - Once again, the kicker cannot replay the ball until it has been touched by another player.
- The goalkeeper cannot use his/her hands in such a play and if the goal kick does not clear the penalty area, it must be repeated.
 - Players from the opposing team must remain outside of the penalty area until the kick is made.
 - NO player may play the ball until the entire ball clears the penalty area.
 - A goal cannot be scored directly from a goal kick.
- Penalty:
 - If the kicker replays the ball for the second time outside the penalty area before another player touches it, an indirect kick is awarded to the opposing team.
 - If any player plays the ball prior to the ball clearing the penalty area, the kick is replayed.

Section XVI**CORNER KICK**

- If a defensive player sends the ball over his/her own end line, then a corner kick is given to the opposition.
- The ball is placed in the corner of the field nearest the point the ball went out of bounds.
 - This is a direct kick.
- The ball can then be kicked to a team member or directly into the goal.

The defensive players must remain a reasonable distance from the ball when being kicked (10 yards).
